MEXICANS TO DIE FOR EVANS' RAID

TWO ASSASSINS TO PAY PENALTY FOR BRUTAL MURDER

FIRING SQUAD ORDERED FOR SLAYERS OF WOMAN

Judge Orders Killers of San Francisco Resident Shot.—Prosecution Demands Extreme Penalty for "Genuine Savages."

Puebla, Mex.—Alejo Garcia and Francisco Ruiz must die for the assassination of Mrs. Rosalie Evans, formerly of San Francisco. Judge Munoz Gamboa pronounced this sentence after having heard testimony for over eight hours.

The two men will face a firing squad for their crime unless they are given a new trial which will be requested by the attorneys for the defense.

Charges already have been made that the trial was illegal, the judge having no authority, it is contended, to preside over the trial.

Garcia and Ruiz appeared unmoved by the decision. The six soldiers who guarded them during the course of the trial quickly escorted them from the courtroom after the sentence to the prison, where they will remain until either the sentence is carried out or a new trial granted.

When court was called the defense waived the request of a forty-eight hour recess to study the bill of particulars. Four attorneys representing the accused men made a strong bid for the lives of their clients.

The defense built its case on the failure of the state to properly identify the prisoners. Garcia's attorney requested clemency for his client, claiming he is ignorant, uneducated and did not know the seriousness of the crime.

The prosecution demanded the extreme penalty, pointing out to the judge that both men are a danger and a menace to society. They were referred to as "genuine savages" and the judge told that if the extreme penalty were not given them the district would become a "cavern of thieves and brigands" and that Mexico would lose its position in the family of nations.

CALIFORNIA BANKERS PLAN WORK FOR COMING YEAR

Los Angeles.—Members of group Five of the California Bankers association, who attended the regular fall dinner of the association at Long Beach, heard prominent men of finance speak on the constructive forces at work for the betterment and prosperity of California and applauded Governor Richardson when he lashed the "yellow journals," disappointed politicians and destructive elements in the state.

In outlining the association's plans for the coming year. Leo Chandler of the California Bank of Los Angeles and president of the California Bankers association, dwelt on phases of the association's work that are manifestly important—educational work, a farm accounting system and the furtherance of an economic council made of eight leading California bankers.

CANADIANS AROUSED OVER SAN FRANCISCO ARRESTS

Vancouver.—Arrest of F. R. Anderson, Vancouver attorney, in San Francisco without a warrant, has created such a wave of indignation through western Canada that telegrams have gone to Ottawa demanding that Canada withdraw from the liquor treaty with the United States and further urging that the Canadian government notify Great Britain that in so far as Canada is concerned she has no part in the rum treaty between Great Britain and the United States.

The British Columbia Bar association has taken a firm stand against the treatment meted by the United States to Anderson, and has made representations to London in the matter.

FOLLOW SINGLE CLEW IN L. A. BROKER'S MURDER MYSTERY

Los Angeles.—One clue in the Katz murder mystery investigation is all that remains to the police and the district attorney's office before the case, which began when Harry I. Katz was shot down in the doorway of his quarters, November 10, is filed away with the already long list of unsolved murders on local police records.

The clue has to do with a young man, a relative of the man already figuring in the case, who, according to information, had some business dealings with Katz a few days before he was killed.

POPULAR VOTE IS BELOW PRE-ELECTION FORECAST

Election Totals Show Many Surprises.—Falls Considerably Short of 30,000,000 Mark.—Reveals Many Vote Slackers.

Washington.—Virtually complete figures on the presidential election of 1924 destroyed some of the illusions that were held by political observers prior to the election, November 4.

The popular vote, as now compiled, falls considerably short of the 30,000,000 mark estimated by the various campaign managers, and in the final analysis will barely exceed the 26,000,000 mark established in the Harding-Cox fight four years ago.

These figures show that, despite the strenuous and in many instances nonpartisan efforts to get out the vote, there are still millions of "vote slackers" who refuse to allow a presidential contest to interfere with their pleasure or routine of life.

Official returns from all states are still lacking, but the vote has been sufficiently tabulated to reveal some interesting facts anent the epochal election of 1924 which will be studied and pored over by the political historian of the future.

Comparisons between the races run by Davis and Cox against Coolidge and Harding, respectively, are difficult to make, although history will record both of them as badly defeated. Davis carried one more state than Cox did, twelve against eleven, yet Davis ran more than a million votes behind Cox in the popular vote. On the basis of the La Follette complication, some observers believe that Davis ran proportionately stronger against Coolidge than Cox did against Harding.

Unofficial but fairly accurate totals for the 1924 election are: Coolidge, 14,100,000; Davis, 8,000,000; La Follette, 4,300,000.

The vote for minority tickets such as prohibition, single tax, Socialist, labor, American, etc., will be necessary to bring the 1924 popular vote ahead of the 1920 figures.

On this basis of virtually complete tabulations, which all parties agree is probably accurate, it is shown that President Coolidge ran ahead of Harding in seventeen states, California, Colorado, Connecticut, Illinois, Indiana, Kansas, Maine, Massachusetts, Michigan, New Hampshire, New Jersey, Pennsylvania, Rhode Island, Vermont, Wyoming, Florida and South Carolina.

Coolidge ran behind Harding in thirty-one states, Arizona, Delaware, Georgia, Idaho, Iowa, Kentucky, Louisiana, Maryland, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New York, North Dakota, Ohio, Oklahoma, Oregon, South Dakota, Tennessee, Texas, Utah, Washington, West Virginia, Wisconsin, Alabama, Arkansas, North Carolina, Virginia, New Mexico.

There are many indications that La Follette cut far more deeply into Davis than into Coolidge. This is particularly true of the border states and the western states. In the border states like Kentucky and West Virginia and Maryland, La Follette took enough votes away from Davis to allow Coolidge to "squeeze through."

Suggests Tax Refund

Washington.—A search has begun here by the house appropriations committee for surplus funds in various government departments which Chairman Madden expects to reach into the hundreds of millions of dollars and which he said he would propose be turned back to taxpayers in immediate refunds He will suggest a measure directing the secretary of the treasury to refund annually to taxpayers all surplus funds in the treasury above $25,000,000. The refunds would be made in the current calendar year in which the surplus was available.

France Honors U. S. Dead

Beaumont.—General Maurice Nollet, minister of war, presided at the inauguration of a monument to the war dead. "Let me do homage," said General Nollett, "for the sacrifice of 50,000 citizens of the great American republic, who came across seas at a moment when the fortune of war still was uncertain and brought us the assistance of their force. This monument will remind us that France can make no distinction between their dead and our own, and that the same reverential affection surrounds their memory."

Around the World Flash

New York.—It takes a radio signal just five seconds to go around the world. Two signals were relayed in opposite directions from the National radio exposition. The eastbound signal, the letter "C," won the race by one second. It was relayed three times en route. The westbound signal "S," took a second longer because it was relayed four times.

FATHERS' NIGHT BIG SUCCESS

The Fathers' Night dinner and social held last Friday evening by the Grammar School P. T. A. was a most enjoyable and highly successful affair.

The Cafeteria was beautifully decked with fall flowers chrysanthemums in abundance being used very effectively. Each table was presided over by one or more of the teachers and students from the upper grades made eminently satisfactory attendants, and the menu prepared by the ladies under the supervision of Miss Forman disappeared as if by magic.

The president, Mrs. S. N. Hedegard, heartily welcomed all of those present and many "first nighters" were apparent when a showing of hands was called for. She cordially invited them all to become members and attend the meetings.

Miss Kenyon accompanied by Miss Mace, most charmingly sang "The Sweetest Story Ever Told" and "Just a Wearyin' for You" and Dr. T. E. Gallup, of Santa Clara, delighted the gathering with the recitation of two humorous pieces, one, "The California Flee", being especially funny.

Mrs. DeArman, National Vice-President of the P. T. A., gave a most interesting account of the objects of the P. T. A. with some real live examples of how it can help the school.

County Superintendent J. E. Hancock and Principal I. R. Abbott, each spoke briefly of the benefits to pupils and teachers of close cooperation between the homes and the school. A "get-acquainted" time followed during which the membership chairman was busy adding new names to the roll.

There will be tables of fancy work and other gift articles and novelties for sale Saturday evening at the benefit entertainment at the Grammar School. Come prepared to take advantage of the bargains offered.

The evening school of Campbell will give a Thanksgiving program Wednesday evening, November 26, at 7:30 o'clock in the high school annex on Rincon avenue. A social hour will follow the program. All interested friends are cordially invited to attend and see what a commendable work this department of our school system is doing.

The second game was with the 130 lb. team at the High School. The score was 40 to 4 in the High School's favor. Our boys, however, put up a good fight and made the high school work for their score.

The team is as follows: Ben Fricano, Joe Bonacorso, Martin Shadle, Ignatius Turtici, and Quito Macaluso. The substitutes are Leonard Shadle, Frank Ferro, and Matt Talia.

Antone Bonacorsa has been coaching the boys and he has done some very fine work.

The team is Taney Satriano, Salivna Bonacorso, Irma Suzzalo, Mary Sinao, Martha Carlson, Rose Abinante with Grace Amato as substitute.

The different rooms of the school are preparing for the entertainment to be given December 10, in the school auditorium. This is to be given to raise money for some extra things needed for the school.

The chicken supper has been given up and something else will be given after Christmas.

CAUSES FOR CAMPBELL'S POPULARITY

Climate, Climate, Climate, has made Campbell the very desirable residence locality it is known to be.

For forty years the fruit crop here has not been killed by frost owing to a northwest wind that blows across that warm inland sea called San Francisco Bay. This permanent wind is of inestimable value.

Could an acre of this climate be permanently located in the vicinity of New York City it would be worth many millions of dollars. While it cannot be moved, it is nevertheless very advantageously located, being near San Francisco and the other populous cities surrounding San Francisco Bay and consequently its value is very great. Those who can provide what they want will seek such a place as this. It may be said further that the rich soil, the best of water, splendid school buildings, beautiful public library, all speak well for the place and people.

Supper 6:30 to 7:30 tonight at Congregational church, C. E. society.

WIN-MY-CHUM WEEK

The Campbell Epworth League will hold Win-My-Chum meetings three more nights only, Friday, Saturday and Sunday.

Everyone who has attended the meetings already held feels well repaid for any effort put forth in coming. The meetings afford a source of inspiration and help, that cannot easily be obtained elsewhere.

On Saturday night, following a supper at 6:00, the service will be patterned after the Institute Camp Fire meetings.

Everyone is cordially invited. The charge is one chum. Come and find out what a Camp Fire meeting really is.

Sunday night will close the special meetings. Everybody is invited.

HERRINGTON-MARSTON

At the First Baptist church in San Jose Friday afternoon, occured the wedding of Miss Edith Herrington, of San Jose and George Marston, of Campbell, the Rev. Towner officiating.

Mr. M. Guldman, of Oakland, friend of the groom, and Miss Ruth Herrington, sister of the bride, were attendants and the service was witnessed by the families and a few intimate friends.

Following the ceremony A. P. Marston, father of the groom, served a wild duck dinner to the party at one of the popular San Jose grills.

The newly-weds will live in the Scofield house on Union avenue, south of Campbell.

The Press unites with their friends in extending best wishes to the happy couple.

Mr. A. P. Merrill, father of E. C. Merrill, under date of November 17, wrote from Los Angeles, renewing his subscription to the Press and we know that his many old friends in Campbell will be pleased to hear that he is feeling well and enjoying life although in his eighty-second year.

"THE PRESIDENT" TOPIC

In pursuance of the line of study prepared for the Country Woman's Club for the year, Monday's topic was "The President—Election, Duties, Powers, Succession, Great Men and Policies for which They Have Stood."

Of the original committee illness and business prevented all from participating but Mrs. H. C. Smith, so Mrs. L. J. Carboni exchanged programs and assisted.

Mrs. Smith read a paper treating of the first part of the subject and a humorous short article depicting the methods of choosing a vice president.

The description of some of our great presidents and their policies proved very interesting and was most ably handled by Mrs. Carboni.

The program was closed by a group singing of "America, the Beautiful" the words of which are quite in harmony with the theme of study and the approching Thanksgiving season.

Plans for the entertainment Saturday evening were announced by the committee and it is hoped that a liberal sum will be realized to be applied toward reducing the loan on the building.

DAVEY STORE ROBBED

The store of A. T. Davey was broken into Saturday night for the second time within a year. Mr. Davey estimates the losses will total near the $600 mark for the two breaks.

What with the several other robberies and attempts in our town it is high time that something be done to curtail the crime. A town without authority becomes the haven of croeks and undesirables.

As the township is now arranged Campbell has no peace officer of any grade and relies entirely upon the county officers who so far have not proved very efficient in either deterring the culprits or catching criminals.

There seems to be but one way out of the difficulty and that is by incorporation of the town. Otherwise some of our merchants may be compelled to move elsewhere to do business.

Do Not Destroy the Birds

Ranchers, we want you for a friend of Game Conservation and our song birds in particular.

Most ranchers in the Campbell district know how valuable our bird life is to the country, and that insects destroyed by birds far exceed those destroyed by man.

But what most people don't realize is that a few cheap sports for the sake of a pretty robin for dinner are driving hundreds of birds out of the district.

Now sportsmen as a rule are law-abiding if not because of their own personal ethics, then because they know the game law is to their interests.

There are, unfortunately, always with us that ignorant and lawless minority which recognizes no rules or laws save those strictly and swiftly enforced.

The Game Warden must discourage their activities with all the power of the law, and the ranchers must help by forbidding anyone to shoot on his land, song birds at any time and game birds out of season. Report violators to the Game Warden.
